FRENCH CABINET ABOUT TO BE RECONSTRUCTED

(By Associated Press.)
PARIS, Mar. 17.—The French cabinet will be reconstructed. Premier Briand, it is understood in addition to replacing General Lyautey, the former minister of war, will have the departments which had been combined under one minister, restored to their former status.

SEDUCTION OF WIFE CAUSE OF KILLING

(By Associated Press.)
BLACKSBURG, Va., Mar. 17.—Counsel for Prof. Charles E. Vauveter, accused of killing Stockton Heath, Jr., issued a statement tonight, saying that "after a thorough investigation of the facts surrounding the tragedy, the evidence will disclose a betrayal of friendship and confidence exposed." This is the first statement from any member or representative of the Vauveter family since young Heath was fatally wounded.

ARREST OF A MAN POSING AS MINISTER

SUSPECTED OF KNOWING SOMETHING OF DYNAMITE FOUND NEAR HIS HOUSE

(By Associated Press.)
LOS ANGELES, Mar. 17.—August Mueller, who is alleged to have posed as a minister in collecting funds for a German society, was arrested on a burglary charge today. The police found a subscription book and a false mustache it is believed he threw away. A quantity of dynamite was found near a house where he lived, but his connection was not established.

REFERENDUM FOR RUSSIAN PEOPLE

GRAND DUKE SUGGESTS A PLEBISCITE TO ESTABLISH NEW LAWS

(By Associated Press.)
LONDON, Mar. 17.—Grand Duke Michael Alexandrovitch accepted the throne of Russia conditional on consent of the people, according to a statement from the semi-official Russian agency which declares the people should by plebiscite establish a new form of government with new fundamental laws.

Major General Zein, governor general of Finland, was arrested today by the commander of the Baltic fleet on order of the provisional government, according to a Reuter's dispatch. Senator Borovitinoff, vice-president of the economic department of the Finnish senate, also was arrested.

(By Associated Press.)
LONDON, Mar. 17.—The Russian garrison at Fortress Sveaborg, which defends Helsinki, has refused to join the revolution. The Russian soldiers mutinied and the fortress has been declared in a state of siege.

LESSON FROM RUSSIA SETS BERLIN TALKING

(By Associated Press.)
LONDON, Mar. 17.—Reuter's Amsterdam correspondent telegraphs that an article in the Frankfurter Zeitung appears to confirm to some degree the impression that the sudden appearance of Chancellor von Bethmann-Hollweg in the Prussian diet on Wednesday and his speech advocating the democratization of Germany were caused by his knowledge of events in Petrograd.

The Zeitung draws a parallel between the chancellor's acts and the revolution in Petrograd, pointing out that at the same time the executive committee of the Duma seized the reins of power Dr. von Bethmann-Hollweg delivered the speech, which, it says, also disclosed a revolution, though of quite different kind and employing different means.

The newspaper asserts a democratic German empire comes because it must, not because the chancellor

UNION AMALGAMATED ORE BINS FILLED WITH MILLING GRADE

Good progress is being made at the Union Amalgamated, where the chief interest is centered at the present time. The pump is kept running 24 hours every day and the 500 foot level will be dry before tomorrow morning when faster progress will be made as there are no stopes or drifts to pump out as has been the case in the workings above. When work was suspended during the winter the shaft had been completed to the 600 and it was while cutting the station that the big rich ore body was broken into. The water had been allowed to come up several feet in the shaft before the assay results were known. The fact that a general sample ran \$268 is causing keen interest, and it is predicted that the stock will soon pass the dollar mark.

The company mill bins are full of ore which will be milled while pumping is in progress. At the Big Pine sinking from the 200 to the 300 has been completed and a 10x30 foot station cut. The mill will resume crushing the regular tonnage within the next two days.

Work of preparing to sink the Consolidated shaft is under way and every effort will be made to break all sinking records. The equipment is first class and there is nothing to interfere with fast work.

The Union Amalgamated Extension company, a recent incorporation, is planning an actual campaign of development which shall add an-

avows himself in its favor, but because his words express the will of an overwhelming majority of the people.

AMSTERDAM, Via London, Mar. 16.—The Rheinische Westfälische Zeitung publishes the following excerpt from the speech of Deputy Hoffmann in the Prussian diet, which brought about his expulsion from the chamber:

"We shall refuse to vote for the budget. Chancellor von Bethmann-Hollweg is merely the fig leaf of military absolutism. Militarism bears the responsibility for the bloodshed in Europe, and only when militarism and despotism are removed will the people breathe free."

"The revolution in Russia should be a warning to our rulers. The German submarine warfare is opposed to the laws of humanity and international law."

other producer to the Manhattan list.

The company will own the Buckboard, Charlie Boy and Sunday claims adjoining the Dexter Union and Amalgamated. Several shipments of good ore were made by leasers in eighty days but the work was confined to shallow depths.

Leasers on the Dexter have a shipment of good grade ore ready for the mill.

The Gold Crater is to be reorganized and financed for extensive development which will probably mean another large mill for Manhattan. A large belt of enriched schist similar to the Big Pine and Big Four ore bodies has been developed to a depth of 80 feet. It will be the aim to prove this ore on the 150-foot level which will insure sufficient tonnage to warrant building a mill. Rumors are current of several pending deals which shows the keen interest being taken in Manhattan properties.

It is understood that G. F. Stanley has financed the Thanksgiving treasury to the extent of \$30,000.

The control of the Mustang has passed to Chase & Train, leasers, who have extracted \$35,000.

The Doris C will probably list its stock and resume work.

The old Chipmunk, with several feet of mill ore is reported sold to Tonopah capitalists and control of the Little Grey has been optioned.

MOLYBDENUM SALE IN SAN DIEGO, CAL.

TUNGSTEN TRUST ENGAGED IN BUYING UP PROSPECTS OF THIS ORE

The Bour Mining company, of San Diego, California, has sold its molybdenite property for \$75,000, receiving \$64,000 net, the other \$11,000 going to pay the debts of the company. The property was in San Diego county and the ore run around one per cent. At Empire, Colo., molybdenite ore running one per cent has been treated successfully and at a profit for the past two years. It is said that the "tungsten trust" is the parties buying up the molybdenite properties in different parts of the country, as it is equal for all purposes and in most things it is far superior to tungsten. A very interesting and instructive bulletin entitled Bulletin No. 5, has been issued by the University of Arizona, Bureau of Mines, Tucson, Arizona.

FAMINE IN SIGHT FOR THE HORSES AND COWS OF THE DESERT COUNTRY

So much has been said about the high cost of living for human beings that sight has been lost of what is happening to the animal world, which is confronted by one of the worst shortages of food ever experienced in Nevada. There is not enough hay in Tonopah to carry the horses over two days and this morning the Wittenberg company had to bring a ton of hay from Goldfield by the local freight. Desperate efforts have been made to secure hay from Minden, but it has been impossible to procure cars, but this afternoon word was received that Minden had shipped five carloads of alfalfa of which two were billed to Tonopah. Mr. Wittenberg has arranged to buy hay in the Smoky

In the event of a strike, one of the chief difficulties would be in finding a supply of fuel. The dealers have not been able to catch up with their orders which fell behind during the extra cold weather and the embargo in Utah. At present it takes about a carload a day to maintain the normal supply. The stock of wood is light, but this may be kept going to a limited extent from points along the line of the Tonopah & Goldfield railroad with shipments of old ties.

Fuel oil dealers have a short supply as their storage capacity is limited, but, with present stocks, there is sufficient to fill domestic orders for a week or ten days.

AMUSEMENTS

BUTLER THEATER

A double bill at the Butler this evening. Harold Lockwood and May Allison, two head-liners, in a five-reel production, "Big Tremain," and the inimitable Charlie Chaplin in his best up to date, a two-reel Mutual special, "Easy Money."

Love, money and politics serve to make the brilliant play "Big Tremain," the motion picture of the moment. It is pictured from Marie Van Vorst's famous novel, in which two stars, whose names are always calculated to arouse keen interest, for it goes without saying that Harold Lockwood and May Allison stand foremost and alone in their particular artistic field. In the second feature we have Charlie Chaplin in his latest release, "Easy Street," which breaks all previous records for original comedy.

Tomorrow, another good one—Pearl White in the eighth number of "Pearl of the Army," an episode full of thrills and action, and Edna Goodrich, in a playlet dealing with high society.

LIBERTY THEATER

Frank Keenan and Enid Markey in "Jim Grimsby's Boy," a five-reel Triangle feature. Jim Grimsby's wife dies and leaves him with a girl baby on his hands. Jim regards this as a double calamity and quarrels with the Almighty for playing such a scurvy trick on him, while he soon becomes reconciled with fate for the loss of his wife. His bitterness grew daily because the baby left on his hands was a girl and not a boy, but he decided to defy nature and bring up his girl as a boy. The complications that grow out of this whim are many and truly original.

"The Judge," a two-reel Keystone comedy featuring Chas. Murray. Everyone knows that the Keystone are always good. This makes a seven-reel show for the same prices.

Tomorrow: Florence Turner in "Grim Justice," a powerful drama from Rita's greatest novel "His Pride and Shame," featuring Ford Sterling in a two-reel Keystone comedy. Fun from start to finish. Remember Monday is the day that Douglas Fairbanks appears in American Aristocracy!

AIRDOME TONIGHT

A grim situation that will grip you with the most intense emotion, as the question is flung at his childless wife by the child-loving district attorney, as portrayed by that master player Tyrone Power, in "Where are My Children?" The marvelous playlet "Where are My Children?" created a sensation on Broadway. It compelled the admiration of press, public and clergy. Physicians and educators gave it their unqualified endorsement. It is a dignified presentation of the subject of birth control, produced by a reverent and master hand. Scenario and story by Lois Weber. Admitted the most brilliant mind in moving pictures today. Every youth and maiden; every man and woman, married or single, should see this great picture.

CLASS WITH RIGHT PRICES

Every merchant is a PUBLIC SERVICE creature, as much as the power company and the railroad company. Merchants are mere distributors of useful commodities that are produced by others. We are simply agents between the producer and consumer. There is no excuse for a dozen agents, or middlemen. By buying direct from the cannery, the factory, the dairy, etc., we can eliminate many middlemen, the jobber, the factor, the broker, the manufacturers' agent, the wholesaler and numerous traveling men. Much of our stock now comes direct from the producer, with only one loading, one freight bill added to the cost. That's why we can deliver the best and freshest, newest goods, at lower prices than our competitors. We have no stale stock out of Sacramento or Los Angeles warehouses, because we buy direct from the producers. Yet our prices are almost as low as the mail order houses that are unloading that stuff. When you want the class, quality and reasonable prices, you have to go to Dale's for it. Don't be deceived by prices on smaller packages, cheaper brands, and stale stock offered by mail order houses.
